Schneider 290

The marker with the bullet tip for whiteboards and flipcharts, line width 1-3 mm.

Marker for whiteboards and flipcharts. Dries quickly on written surface and has low odour "cap-off-ink". The specifically developed tip is positioned on the barrel rim and therefore cannot be pushed into the marker. Refillable with refill station 656. Cap with clip can be plugged onto the end of the marker. Ink colour = colour of cap and plug
